

Passion For Ministry

Dr Rushayne Stewart has been a great motivator, leader, and confidant over the past 12 years we have been friends. What started out as just a friend extended into family, a guiding light and trusted support system through my early years of Ministry as a young man who knew there was a calling on my life and just needed guidance; that guidance came from Dr. Rushayne Stewart. He has demonstrated exceptional leadership marked by vision, integrity, and sustained impact.

Known for guiding teams through growth and change, He consistently delivered results while fostering a culture of trust, accountability, and excellence. His leadership style balances strategic insight with a genuine commitment to people, empowering others to perform at their best and achieve shared goals. Through resilience, clear direction, and an unwavering focus on long-term success, he has earned a reputation as a respected leader who inspires confidence and drives meaningful progress.

His passion for Ministry, the ethics of the church being upheld in all capacities, and his keen eye for human psychology are unmatched. A true testament of a shepherd in this day and age. My growth as a Pastor today stems from his extended knowledge, not just being imparted but seen lived outwardly. I salute his efforts and his drive, and with such qualities, the possibilities for him are limitless.

Appt. Rev. Daniel Farrier

Multi-disciplinary Professional / Pastor of the Mt Zion United Spiritual Church of God
